As we enter 2022, who would’ve thought that COVID would still be such a large part of our daily lives? Not only are we still dealing with masking, vaccinations and restrictions, but also changes in how we work, where we work and how we get there. The Susquehanna Regional Transportation Partnership (SRTP) and the Commuter Services program continue to directly meet these challenges and face the changing needs of daily commuters. With continued gratitude to our member agencies and partners at PennDOT & the Federal Highway Administration, the SRTP and our consultant team continues to expand our outreach, with more commuters and their employers, about commuting options.

As the Chairman of this great organization, I am proud of how our membership and consultant team have met these challenges head-on. We have reinvented our current programs, implemented some new ideas, and are continuing to investigate other programs. Although in-person events and travel are still curtailed, our mission, “To promote commuting options that reduce congestion, conserve natural resources, and improve safety and mobility at a regional level, by educating and implementing innovative Transportation Demand Management (TDM) programs” is being fulfilled! It is my sincere wish that 2022 brings continued recovery from the pandemic and good health for all.

MATTHEW BOYER, Executive Director
The 2021 year is in our rear-view mirror and it appears we’ve successfully weathered the majority of the COVID storm. As we traverse the remnants of this pandemic in early 2022, we set our sights on more positive aspects of life and begin the process of goal setting for the upcoming year(s). We look forward to returning to our educational outreach efforts and the dissemination of important Transportation Demand Management (TDM) information to our employer and community partners.

The challenges of the 2021 year necessitated changes in our delivery methods for the educational outreach information we provide to south-central Pennsylvania. The ability to carry out the daily tasks of many jobs has been proven successful through the mandated use of “at-home” technology we’ve also seen a massive shift in the use of telework across many industries and workforce programs. The use of Zoom, Teams Meeting and several other virtual platforms has become common practice for our businesses and community organizations. On the horizon I see commuter passenger rail returning to the area, enhanced use of transit for daily commuting, and a heightened awareness of regional commuters desirous of sticking cash back into their pockets rather than the gas pump by using green modes of transportation.

OUR MISSION STATEMENT
The Susquehanna Regional Transportation Partnership (SRTP)/Commuter Services of Pennsylvania promotes commuting options that reduce congestion, conserve natural resources and improve safety and mobility at a regional level by educating and implementing Innovative Transportation Demand Management (TDM) programs. The Transportation Demand Management (TDM) program, Commuter Services of PA, was developed and implemented by the SRTP Board of Directors which comprises the transit agencies, metropolitan planning organizations and chambers of commerce across these participating counties.

EMPLOYER TRANSPORTATION COORDINATOR (ETC)
TELEWORK PEER GROUP

In February 2021, Commuter Services started a Telework Peer Group among our Employer Transportation Coordinators (ETC) as a way to come together and navigate through remote work. At the start, most employees were working from home and running across challenges such as network capabilities, missing the personal connection, impact on company culture and developing a long term plan. Based on our monthly meetings, below are some of the highlights that were discussed among the group.

Return to Work Plans

• Dedicated teams
• Set up Sharepoint
• Tiered approach
• Flex work areas
• Promote carpooling

Best Practices

• Virtual new hire training
• Needs assessment of employees
• Define remote positions
• Free Friday or Focus Friday
• Hoteling
• Ergonomic assessment
• Meeting times (start 5 minutes after hour; end 5 minutes before hour)
• Gallery vs. Speaker view in virtual meetings
• “Time-off” on calendars

Employee Engagement

• “Thanks” point system
• Wellness Wednesdays
• Virtual water cooler talk
• New hire mixer
• Mental Health Days
• Pop-up fitness classes
• Coordinated bike rides
• Get to know me form
• Open forums to chat
• Virtual: Costume contest
• Happy Hour
• Game Night
• Recipe swap

These meetings will continue in 2022 and we would like to have more employers become part of the discussion. If you or someone within your organization are interested in joining our peer group for open discussions centered around all things telework, please send an email to Stacy Newcomer at stacy.newcomer@pacommuterservices.org.
