**COMMUTER SERVICES**  
**OF PENNSYLVANIA**  
*Serving Adams, Berks, Cumberland, Dauphin,  
Franklin, Lancaster, Lebanon, Perry & York Counties*

Congratulations to the PA CareerLink in **York County** for reclaiming their title as ***Clash of the CareerLinks*** CHAMPION!

The goal of this annual competition, held in August this year, is to encourage CareerLink staff to reduce trips while also becoming familiar with the Commute PA app. Kudos to York for having 57% of their staff participate in this year's competition. We applaud **Franklin, Adams, Berks, and Lancaster** for their participation!

In September, we challenged commuters to find a new commute mode instead of driving alone to celebrate ***Car Free Month!*** Commuters were asked to participate by recording green trips in Commute PA during the month and engage in social media posts.

Congratulations **Eurofins (Lancaster)** for having the most green trips tracked, with 1,123! Special thanks to our runner-up organizations, **County of Lancaster (393 green trips), Thermo Fisher Scientific (Dauphin, 320 green trips), Masonic Villages (Lancaster, 40 green trips) and DHL (Lebanon, 26 green trips).** Check out our Commute PA stats for the month below!

**Walk Bike Bus**

During the month of September, we teamed up with the City of York Bureau of Health to promote Walk, Bike, Bus York and encourage commuters to walk, bike or ride rabbittransit as their transportation mode. Commuters recorded **295 green trips, with 4,454 miles not driven and 3,884 tons of CO2 reduced** for the month. Meanwhile, they **saved \$2,784, 198 gallons of gas and burned 7,857 calories!** Thank you to everyone who participated!

We celebrated our **College Month** promotion during October and asked students, faculty and staff to use a green commute! Congratulations to **Franklin & Marshall College** for having the most Commute PA green trips, with 655, for the second year in a row! Greatly appreciate **Gettysburg College (99 green trips)**, **Harrisburg University of Science and Technology (94 green trips)**, **Shippensburg University (56 green trips)** and **Albright College (52 green trips)** for participating and promoting our services.

For two weeks in November, we pitted the local County Governments against each other in a friendly competition to record the most green trips during that span. This year, we have a new winner, the **County of Lancaster with 344 green trips!** We would like to thank the **County of Berks (166 green trips)**, **Franklin County Government (90 green trips)**, **County of Dauphin (18 green trips)**, **County of York (16 green trips)** and **County of Cumberland (6 green trips)** for their involvement in promoting a cleaner commute.

## Our Sincere “Thank You” to the Outgoing SRTP Chairman

On behalf of the SRTP Board of Directors and the entire Commuter Services of Pennsylvania outreach team, we would like to offer our thanks and appreciation for the guidance and leadership afforded by our Chairman of the Board, Michael Golembiewski, over the past four years. Chairman Golembiewski has been a pillar of support to the entire organization during his term and has promoted the programs and services of the SRTP with an enthusiasm and vitality second to none. The endless energy and positive reinforcement he has utilized to guide this organization through the challenges of the COVID pandemic and to the current levels of regional Transportation Demand Management success has been refreshing and exciting for everyone following his lead.
