Prizes will be announced & awarded in April during National Library Week!

***Commuter Services will verify the number of social media tags, registered employees, and recorded trips during the week and adjust them as necessary.***

About Us: Commuter Services is a program of the SRTP, a nonprofit serving 13 counties in South Central PA and up the 83/81 corridor with the goal of improving the air quality and decreasing traffic congestion. We do this by offering an incentive program to those who take green transportation such as: biking, walking, carpooling, or transit. We work with schools, community organizations, employers, and municipalities in our service area. We provide a one-stop shop for carpool matching, transit options, and more. Throughout the year we host various themed months spotlighting green modes – including telecommuting, biking, walking, and carpooling.
